

HELLSTENGEARS

**Supplier of factory refurbished and used
Gearboxes (automatic, DSG, manual, CVT)
Transfer units
Front and rear differentials
Turbos**

Automatic transmissions

Range	Complete
Assortment	Factory refurbished / Used
Delivery time	Stock item

DSG transmissions

Range	Complete
Assortment	Factory refurbished / Used
Delivery time	Stock item
Note	The gearboxes are delivered programmed and ready for installation. <u>We can also reprogram used DSG gearboxes.</u>

Manual transmissions

Range	Complete
Assortment	Factory refurbished / Used
Delivery time	Stock item
Note	We recommend replacing the clutch (wear part) when changing the gearbox. We stock clutches for models where the clutch frequently breaks. The clutch can be the cause of error symptoms/problems with the gearbox.

CVT transmissions

Range	Selected gearbox codes
Assortment	Factory refurbished / Used
Delivery time	Stock item

Front / rear differentials

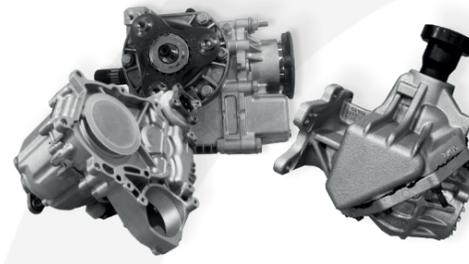

Range	Complete
Assortment	Factory refurbished / Used
Delivery time	Stock item
Note	We can offer differentials with and without Haldex. We stock factory refurbished Haldex units.

Turbos

Range	Complete
Assortment	Factory new / Factory refurbished / Used
Delivery time	Stock item / Order item (approx. 1 week)
Note	Engine oil and filter must always be changed when changing the turbo.

Delivery time	Stock item

Clutches

Range	Complete
Assortment	Factory new / Factory refurbished / Used
Delivery time	Stock item
Note	We recommend replacing the clutch (wear part) when changing the gearbox. We stock clutches for models where the clutch frequently breaks. The clutch can be the cause of error symptoms/problems with the gearbox.

Drive shafts

Range	Complete
Assortment	Factory new / Used
Delivery time	Stock item
Note	We stock drive shafts for gearboxes and for front / rear differentials where the drive shaft often breaks.

Gearbox accessories

Note

We stock a wide range of quality accessories needed for installation. The right accessories are always included in our offers. Gearboxes are always offered with oil (some gearboxes are filled with oil from the factory and the oil is then included in the order). Below are examples of the accessories we have in stock for immediate delivery.

- Oil cooler
- Dual mass flywheel
- Buses
- Propshaft rubber coupling
- Motor mounts
- Level stick
- Sleeves
- Oil

Commercial vehicles

Commercial vehicles wear out quickly due to intensive use, and a stationary commercial vehicle costs money. We offer both refurbished and used gearboxes, transfer units, differentials and turbos as well as accessories for most models that are classified as commercial vehicles. We can adapt our stock levels to meet the needs of a workshop that works frequently with specific car models. We can assist with our own warehouse on site in the workshop for customers who want to avoid delivery times. We also stock replacement parts (incl. used) for warranty cases for extra fast delivery.

Motorhomes

Gearbox failures in motorhomes are usually due to poor maintenance of the gearbox, incorrect oil level and increased load. We stock a complete range of factory refurbished and used gearboxes for motorhomes and can quickly assist with finding the right part and necessary accessories. Quick order process, short delivery times and the industry's best warranty ensures an efficient and safe deal as well as many future motorhome trips!

Same warranty on both factory refurbished and used parts!

2 year warranty on gearboxes, transfer units and differentials.

1 year warranty on turbos and other products.

Product is guaranteed to fit and ready for installation upon delivery.

The warranty covers labor costs.

The warranty covers shipping damage and lost goods.

Specialists since 1983

Hellsten Gears AB is the Nordic region's largest supplier of factory refurbished and used gearboxes (automatic gearboxes, DSG gearboxes, manual gearboxes, CVT gearboxes), transfer units, differentials and turbos for passenger cars, motorhomes and commercial vehicles. Gearboxes have been our specialist area since 1983. With an unique warranty period of 2 years for both factory refurbished and used products, we offer an affordable and safe alternative to original (exchange) products. With extensive inventory, correct delivery dates and fast worldwide deliveries, you can count on full assistance from us!

Quality-assured products for a safe deal

The majority of our gearboxes, transfer units, front / rear differentials and turbos come from ISO-certified factories that already work with or have worked with original refurbishment for car manufacturers. The parts are produced according to the same or similar quality requirements as for the car manufacturers' own replacement products. A refurbished unit can be considered 'almost new'. Our used products are handpicked from a large network of selected suppliers in Sweden, the rest of Europe and North America. The production department selects with great care only those parts that meet our high demands for quality and durability.

Contact us

We assist you with answers to questions regarding our product range, technical issues, price and delivery time during weekdays, between 8AM-5PM. Make a price request via the quick form on our website www.hellstengears.com, via e-mail to sales@hellstengears.com or call us on 0300 - 742 20. You can also search among a selection of our products at our online ad page products.hellstengears.com.
